

Responsible Use of Internet

As part of our pupils' curriculum, we provide access to the internet. We work with the local authority to operate a filtering system so that pupils cannot go on unsuitable sites. All our screens are in public view so that we can monitor what Pupils are doing.

Below is a copy of our Rules for Internet Use

Rules for Responsible Internet Use

The school has installed computers with Internet access to help our learning. These rules will keep you safe and help us be fair to others.

- I will only access the system with my own login and password, which I will keep secret;
- I will not access other people's work
- I will use the computers for school work and homework;
- I will not bring in storage devices from outside school unless I have been given permission;
- I will ask permission from a member of staff before using the Internet;
- I will only e-mail people I know, or my teacher has approved;
- The messages I send will be polite and responsible
- I will not give my home address or telephone number, or arrange to meet someone, unless my parent, carer or teacher has given permission;
- I will report any unpleasant material or messages sent to me. I understand this report would be confidential and would help protect other pupils and myself;
- I understand that the school may check my computer files and may monitor the internet sites I visit;
- I realise that if I use the Internet irresponsibly, access may be denied.
