School Council Meeting

AOB

CN enquired about when the recreational room will be reopened. LT reported that it is planned for later in the month. Discussions took place around damage in this room previously.

CN asked if gym and board games could be on offer during a Friday afternoon. LT explained that board games has been put on in the past and had a zero uptake but he will speak to ABowsley about it being offered again in a trial period.

LT explained that only certain members of staff are gym trained-RS/AW/TD and that is why it is not offered every week. LT will speak to ABowley about it being offered when RS is on shift.

FC- For the end of term rewards can trampoline be offered. BT said that it is and has been for the past few sessions.

AC- Asked for the screens to be up and working and play calming music. LT said that the screens are currently being updated by MD. LT said he would look into quiet calming music but said he would have to speak to RD as they could be distracting and cause pupils to absent from lesson and sit in the hub.

AC- asked if the structure of the school day could be changed so that lunch was at an earlier time. LT discussed with pupils about behaviour during the school day and the difference between morning and afternoons in terms of engagement in lessons. All pupils recognised that they are more productive and behaviour as a whole was better in the morning and if the afternoon.

DK- asked if the money that has been raised via the running of the tuck shop could be used to buy additional holds/moulds for the rock wall. The school council agreed this was a good idea.
