Would you like a say in Hull's new Special Educational Needs & Disability strategy?

Dear Parents,

Hull City Council have asked Pippa Murray & Katie Clarke from IBK Initiatives to find out what families think should be in the new Special Educational Needs & Disability (SEND) strategy.

The strategy will cover education, health, social care and community resources.

What support or service do you have that works well for your family?

What is it about that service that you value most?

What could make things even better?

Your responses to these questions will give us the information we need to tell Hull City Council what you think should be part of the new SEND strategy.

We would like to invite you to come and meet with us at KIDS, 182 Chanterlands Avenue, HULL, HU5 4DJ on:

Tuesday 26th January from 11am – 2pm *or* from 7pm – 9pm

or

Monday 1st February from 11am – 2pm *or* from 7pm – 9pm

We will provide refreshments at the meetings, and lunch for those meetings from 11am – 2pm.

If you are unable to come to either of these events, but would like to let us know what you think, then please get in touch with us and we will arrange to talk with you on the phone.

We are really looking forward to meeting with you and finding out what you think.

If you have any questions about any of this, please do get in touch with Pippa using the contact details above.

Best wishes,

Pippa Murray & Katie Clarke
