 MINECRAFT  
 BEAN BAGS

THE USE OF BIKES FOR FRIDAY REWARDS IS BEEN LOOKED INTO

RESIDENTIAL COUNCIL  
 NOT APPLICABLE AS FIRST MEETING BACK AFTER SUMMER HOLIDAYS

# RESIDENTS COUNCIL MEETING

## MEETING MINUTES

Children expressed that they would like another culture night before we break up for the October half term. The children came up with a mixed culture night of Italian, Chinese and American. The idea been that they would like an individual table for each country in a buffet style tea.

Full residential 2<sup>nd</sup> activity was discussed. The children would like this to start up again as they said they enjoyed it last time. Ideas put forward included, block at Beverley Westwood, trips out to swimming centres, full sports hall activities, house competitions and cooking nights.

Feedback in relation to the new meals and menus was positive. The children said the portion sizes sometimes are not great and although the food is nice, some dishes could do with extra seasoning. The pink custard was a favourite as was the jelly. Lasagne was also great as was the chicken burgers. The children did comment that they thought the alternative was mostly quorn meat or actually a dish very similar to the main meal which they thought was pointless.

Damage costs was on the agenda and the council discussed this at length. We talked about the amount of money the cost bill was last term (£3000) and that if this continued it would have a huge impact on treats and rewards when they come around. The money will not be there for theses rewards to happen. We briefly chatted about producing a monthly poster for example which would get distributed around the houses with actual names on of who has damaged what and how much it has cost to fix or replace.

Media Library was the final item on the agenda. Council need to speak to JS in relation to how we are moving forward to restock the library with new games and dvds.

Meeting closed at 1.20pm.
