Outdoor games for the gardens. Swing ball, table tennis, basketball.  
Resi rec room booking system is better.  
Recycling bin for each house. in the house.  
Culture night. Formula 1. Fast and furious.

## OUTCOMES FROM PREVIOUS MEETING

**More off site activities.** This is currently going very well. More money may be available after the start of the new financial year. Houses do have their own house budgets to plan off site activities that may cost money. Beverley Westwood, Barmston Beach Torch walk had very positive feedback. We could possibly look at Barnsley Metro dome swimming after the Easter break.

**Booking system for the residential rec room.** Current system we have in place will remain in place for now. That was the general consensus of the houses.

# RESIDENTS COUNCIL MEETING

**Full residential double activity.** The general feedback from the houses would be to possibly go to Barnsley Metro dome swimming when we return after the Easter break.

**Fortnight game for the rec room.** This will be purchased after the Easter break.

**Breakfast club mornings.** These have been a huge success. However, due to cost implications it has been decided the breakfast clubs will be run monthly. Awaiting further feedback as to how these are going to run.

**Joint residential second activity.** These have proven very successful and will continue after the Easter break.

**Courtyard Decorating.** TL to get feedback from Robertson's as to what is allowed and what isn't.

**Resi rec room magazines.** These are now in place in the rec room and will be changed every week. bean bags will be purchased after the Easter break.

**Fake grass in the back gardens.** SSLT have told council that we can go ahead and get independent quotes. PM is organising this.

**New football goals for back gardens.** SSLT have given the council the go ahead to get some prices. PM is organising this.

## MEETING MINUTES

- Read through previous minutes. All correct.
- **Culture night when we return after the Easter holidays.** Ideas put forward to the council from feedback from house meetings. Council voted in favour 4-2 for a formula 1 / race theme night. Await further feedback on dates etc.
- **Double residential full activity.** Council discussed this at length at it was decided by the full group that Scarborough water world would be the next destination. PM / NL to feedback dates etc at a later date.
- **Residential fitness club in a morning before school.** Council had a vote on this and it was a favourable result of 4-2. Majority thought this was an excellent idea. PM / NL to get further feedback from RS and Pine house.
- **Residential to purchase bbqs and food now the better weather is here.** Council discussed this and we all thought this was a great idea. NL / PM to discuss with SLT. Await further feedback.

# RESIDENTS COUNCIL MEETING

- **Zip line for the back gardens.** Council discussed this at length and although we could see how exciting and fun this would be we also talked about the safety implications of such equipment. NL / PM to take to SLT. Await further feedback.
- **Bike track / dirt track on the back field.** Council asked the question if the back field could be utilised more than it is. Council are asking if some kind of dirt track / mountain bike track could be made. Ditches, high curved banking etc. PM / NL to take to SLT. Await further feedback.
- **Remote controlled / Nitro cars to use on the back field.** Could it be possible for us to use the back field as a remote controlled car track. Possibly purchase some petrol remote controlled cars. NL / PM to take to SLT. Await further feedback.
- **Joint residential second activity.** Council brought up how much the feedback from the previous joint second activity has been positive and they would like this to continue. Beverley Westwood was a huge success although council thought it was a better idea to maybe go somewhere different next time. Raywell? NL / PM to take to house meetings.
- **Footballs for the houses.** Council asked if each house could have their own nominated coloured football so they know which ball is theirs. Council thought this was a great idea. NL / PM to take to SLT. Await further feedback.
- **Morning or lunchtime clubs.** Council brought up the issue of clubs in school. Council wanted to know if pupils could come across to school even though they may not want to go in a club. Some council members say that some pupils can handle this and don't cause a problem wandering around. We talked about how historically this has caused problems but it will be taken to SLT for their opinions. Await further feedback.
- **Mobile phones in 1<sup>st</sup> activity.** It was mentioned if mobile phones can be reintroduced in this activity. Council stated that the reason they got banned in the first place was down to a certain individual who isn't at the school now. We talked about the pros and cons of not having them. Take to SLT for further discussion. Await feedback.
- **Sports equipment for the houses.** PM / NL to speak with RS after the Easter break regarding where we are going with this. await further feedback.

## AOB

N / A.

MEETING CLOSED AT 1.20PM.

MINUTES BY N LENG.
