

**Oakfield School**  
**Single Positive case – Advice to Parents**

Dear Parents/Carers

I have been advised that there has been a confirmed case of COVID-19 within the school community.

I know that you will find this worrying and I am continuing to monitor the situation. I am working closely with the people at Public Health and following their advice. This letter is to inform you of the current situation. The Public Health team reassure me that for most people, coronavirus (COVID-19) will be a mild illness.

The people who have been in direct prolonged contact with the confirmed cases have been told by telephone from a member of staff and will be staying at home for 14 days.

**The school will be remaining open. If you have not been contacted today by the school, then your child is not required to self-isolate.**

If anyone in your family develops symptoms or tests positive for coronavirus can you please let us know?

Thank you all for your support.

**Yours sincerely**  
**Rachel Davies**
