OUTCOMES FROM PREVIOUS MEETING
Jane Walton from ISS is in attendance at today's meeting along with Julie from our school kitchen to discuss pupils comments over lunch which were raised in our last meeting dated; 23.10.19.
LT briefed Jane on the issues and asked pupils if they wished to expand on any point.
CM was the main speaker on behalf of the pupils pointing out issues, which include the portion sizes, option of second helpings and the value of the food on his plate at £2.30.
Jack Musgrave has requested ketchup.
NR who has recently attended a course based around nutrition expressed his concerns of the meals not meeting standards required of secondary school aged pupils and adults.
MDO asked how much of the £2.30 lunch fee was spent on food, and was told £1.20. Jane went on to explain that the rest of the money is for ordering, deliveries and paying staff.
It has been requested that sandwiches are increased from 2 to 4. Fish fingers are increased from 2 to 4. Additional helpings were asked to be available and pudding size increased.
